

Machine Tool **LED** Task Light Compact w/ 18" Flexible Arm

Compact metal lamp head for unobstructed view of work area for ideal illumination

This compact LED machine tool task light has a small compact head to fit in tight areas and is ideal for medium duty applications. The LED element offer significant increase in intensity over that of a standard 20 watt halogen bulb, while using close to 70% less energy. The head also stays cool to touch and the LEDs have a minimum of 20,000 hours of high-output life. The 18" (457mm) flexible arm holds firmly for precise positioning. It also has a permanent steel bracket for horizontal or vertical mounting. Comes with an 5 foot (152cm) power cord.

Features

- Compact lamp shade with black exterior
- 10 high intensity energy saving LEDs
- Cool operating temperature
- Exceptionally long LED element life (minimum 20,000 hours)
